PROFESSIONAL SUMMARY

Second-year B.Tech CSE student at IIIT Sri City with a passion for building full-stack web applications and software systems. Hands-on experience developing and deploying multi-vendor marketplaces and data-driven React apps using Next.js, Node.js, MongoDB, and Firebase. Also conducts research at the intersection of reinforcement learning and large language models, with a manuscript currently under peer review. Strong problem-solving instincts, effective teamwork, and clear communication of complex technical ideas.

EDUCATION

B.Tech — Computer Science & Engineering *2024 – 2028 (Completed 2nd Year)*
Indian Institute of Information Technology, Sri City, India

TECHNICAL SKILLS

Languages Python, C, C++, HTML, CSS, JavaScript, TypeScript
Frontend React, Next.js, JSX, TSX, CSS (custom)
Backend Node.js, Next.js API Routes, REST APIs, JWT
Databases MongoDB, Mongoose, Firebase Firestore
Services Firebase Authentication, TMDB API, Vercel
Tools Git / GitHub, Linux, VS Code

RESEARCH

SafeGAT (*Manuscript Under Review*) — LLM-augmented Graph Attention RL framework for adaptive traffic signal control; outperforms pure RL baselines on unseen road topologies.

PROJECTS

Velora Market — Multi-Vendor Marketplace *TypeScript, Next.js, MongoDB, JWT*

- Full-stack multi-vendor marketplace with buyer storefront, seller and admin dashboards, product/order management, role-based authentication (JWT), and MongoDB persistence.
- Built a Next.js API backend with TypeScript, HTTP-only refresh cookies; static HTML/CSS/JS frontend served separately.
- [GitHub: harshitak13/Velora](https://github.com/harshitak13/Velora) [Live: velora-three-virid.vercel.app](https://velora-three-virid.vercel.app)

CinePlex — React Movie Discovery App *React, Firebase, TMDB API*

- React app for browsing trending films, searching titles, exploring genres, watching trailers, and managing a personal watchlist; Firebase Authentication and Firestore for user data.
- TMDB API integration for live movie data; features include actor pages, infinite scrolling, and detailed movie pages with cast, crew, and similar movies.
- [GitHub: harshitak13/cineplex](https://github.com/harshitak13/cineplex) [Live: cineplex-aupw.vercel.app](https://cineplex-aupw.vercel.app)

EXPERIENCE

Director, Management Department — Entrepreneurship Cell, IIIT Sri City *Sept 2025 – May 2026*
Organised tech workshops and developer events; led cross-functional student teams.

Member, Developer Relations — Google Developer Groups (GDG) *Sept 2025 – May 2026*
Participated in developer events, study jams, and collaborative coding sessions.
